Institution*

Dear Hank,

Thanks again for coming to my rescue and teaching the last day of my Refrigeration course due to my being called out of town.

I know it was an interesting presentation and I wish I could have been there to see it. I heard very good reports on it and wanted you to know it was most informative.

Thanks again. I owe you another one. Happy 2008 New Year for you, your family, and Republic Refrigeration, Inc.

Very truly yours,

Richard P. Henderson
