RE: Bayer Cold Room Upgrade  
Whiting-Turner Project 7195

Dear Mr. Saye,

On behalf of the entire Whiting-Turner management team on the Bayer Cold Room Upgrade Project, I would like to thank Republic Refrigeration for a job well done. I would particularly like to thank Brian Coxe, J. D. Coxe, Rick Fuller and Rodney Helms. Their scrupulous attention to detail and overall commitment to excellence helped make the project a complete success. I'm sure you're proud to have them as part of your team.

Again, thank you and I look forward to another project with Republic Refrigeration.

Very truly yours,

THE WHITING-TURNER CONTRACTING COMPANY

David A. Potts  
Project Engineer
